 7.62 x 54(r) Soviet Sniper Steel  
 7.62 x 54(r) Soviet Sniper Lead

## NIJ Level III "plus"

Our Trauma Plates and Side Plates are produced with a new, extremely hardened, extremely high carbon content, US virgin steel raw material far superior to any other steel.

This is a classified material that cannot be exported as a raw material. Armor Advantage is the ONLY company on the planet approved to manufacture and export finished goods with this material.

Far superior to Ceramic protection in that it will stop dozens of rounds without compromise, is similar in weight to ceramics, and will not crack or break upon impacts.

There are no limits of time when depending on our products to protect you. We will test the same 25 years from now as we do today. Ceramics must be discarded every 3 to 5 years, whether having been utilized or not.

While we are superior in protection to Ceramics... in most instances we are far lower in cost... protecting your funding as well!

Our Trauma Plates are **WARRIOR CUT** which allows full range of motion. Warrior can fire from Left or Right Hand

**TRAUMA PLATES**

ITEM #	2500107	2500108	2500109
Dimensions US	8" x 11"	9" x 11"	10" x 12"
